

TESTIMONIALS FOR TEMPE MORTUARY

My family liked the idea of working with a locally owned business for my Mother's funeral. While Mom was in hospice (Hospice of the Valley is awesome), we did a little pre-planning which was helpful.

Doug and the entire staff at Tempe Mortuary were very helpful and patient. Every detail was taken care of and wishes honored. The visitation and rosary was nice and Mom looked great. They took care of organizing the flowers, pictures and we also did a slide show.

We often had questions and they were always helpful in answer any and all questions. The day of the funeral went just as expected, there was great coordination with the church and the cemetery. Tempe Mortuary made a tough time much easier.

Tempe Mortuary is one of the few local, family owned and operated funeral homes in Arizona. They handled my husband's cremation, graveside service at the VA cemetery, and all of the paperwork (death certificate, medical examiner's services, etc). They are compassionate, caring and made this whole, stressful process bearable.

There was no pressure to up-sell unwanted services. Fortunately, my husband had spelled out in detail how he wanted these issues handled, so that made the process much easier. I would highly recommend this business for the inevitable end-of-life issues we must all face one day.

If it's good enough for Ladmo, it's good enough for my family.

I can't say enough good things about Tempe Mortuary. Their staff is incredibly compassionate, sensitive, professional, and responsive. They made us feel like family and went above and beyond to support me in my time of grief. I can't thank them enough for what they've done for me and my family during such hard times but I hope this at least helps.

I know this is kind of odd reviewing a Mortuary but I have to say Tempe Mortuary has been the most compassionate, caring place They have treated my family with such respect and love. Thank you for making this experience very easy on my family and caring for us.
